ARTICLE VII. - LANDLORD REGISTRATION

Sec. 5-37. Purpose.

The city recognizes the need for safe, decent, well maintained residential property within the city. - (3) Name, address, and phone number of the property owner or owners.
- (4) Name, address, and phone number of any designated agent authorized to act on behalf of the owner. If the owner is not a natural person, a natural person shall be designated as agent.

- (a) The owner or designated agent shall maintain a current tenant list at all times. The tenant list shall be available for inspection by the city upon reasonable notice. The contact person shall have possession of the current tenant list which shall be made available promptly in the case of a medical or law enforcement emergency.

- (b) Any violation of this article may be enforced under any code enforcement provision in the Code of Ordinances.
- (c) The city may institute any appropriate legal action or procedure to bring about compliance or remedy violations of this article.

Sec. 5-46. Tenant Violations.

If a notice of violation arises due to acts or omissions of a tenant, and the tenant fails to make the necessary correction, the property owner or agent shall remedy the condition by whatever legal means necessary. The property owner is ultimately responsible for any violation under this article.

Sec. 5-47. Suspension or revocation of license.

- (a) Failure to comply with any of the requirements of this article or violation of any portion of Section 5-41 shall subject the property owner to suspension or revocation of the license, in addition to other remedies and penalties provided by law.
- (b) Repeated incidents occurring on the residential rental property which threaten public safety including but not limited to assaults, batteries, robberies, burglaries, prostitution, sexual offenses, or narcotics possession, use, or sales, or other criminal activity, shall be grounds for license revocation.
- (c) Repeated incidents of violation or continuing violation of state or local laws which violations adversely affect the rights of nearby residents to the quiet enjoyment of their property, including but not limited to violations of noise, animal control, solid waste, yard parking, storage, trash, and yard maintenance regulations constitute a public nuisance and shall be grounds for license revocation.
- (d) Prior to initiating suspension or revocation proceedings, written notice shall be delivered to the owner or designated agent identified in the registration. The notice shall specifically identify the provision of this article which has not been complied with, or shall specifically identify the repeated or continuing incidents of violations of state or local laws, and shall state that failure to remedy the violation or further incidents of violations will result in revocation of the residential rental license for the unit on the property.

Sec. 5-48. Suspension or revocation hearing.

If the violation is not corrected after written notice, or if further violations occur, a hearing shall be held to determine whether the license should be suspended or revoked, as follows:

- (b) The hearing shall be held no sooner than fifteen (15) days after service of the notice to show cause. The hearing shall be conducted by the special magistrate in accordance with the procedures set forth in chapter 2 of this code.
- (c) Lack of knowledge of acquiescence or participation in or responsibility for a violation on the part of the licensee or agent shall not be a defense by such licensee or agent. However, proof that the licensee or agent has commenced and is diligently pursuing under state law the process of terminating tenancy and recovering possession of the residential rental unit from the tenant or tenants causing the violations, or has completed such process, shall be a defense.
- (d) If the special magistrate finds that the violation or violations have been corrected, that no threat to public safety or public nuisance exists, or that the owner has completed the process of terminating the tenancy of those persons causing the violations, the action shall be dismissed. If the special magistrate finds the owner has commenced and is diligently pursuing the process of terminating tenancy of those persons causing the violations, the special magistrate may continue the action until completion of the process under state law.
- (e) If the special magistrate finds that the violation or violations have not been corrected, or that a threat to public safety or public nuisance exists and has not been corrected, he or she shall issue a final order suspending or revoking the license plus applicable court costs.
- (f) An aggrieved party may appeal a final administrative order of the special magistrate to the circuit court. An appeal shall be filed within thirty (30) days of the date of the execution of the order to be appealed. Such an appeal shall not be a hearing de novo but shall be limited to appellate review of the record created before the special magistrate.

Sec. 5-49. Obligation to terminate tenancies after license revocation.

- (a) If the license is suspended or revoked pursuant to this article, the licensee shall have 15 days from the date of the order to commence proceedings to terminate any existing tenancies and recover possession of the residential rental property and unit or units under state law. The licensee shall diligently pursue the process to completion. Upon request, the licensee shall provide copies of all documents provided to the tenants or filed with the court to the city. After completion of the process and removal of any tenants, no unit or units shall be rented to any person during the period of suspension or revocation.

- (b) Renting a unit or units during a period of suspension or revocation shall constitute a violation of this article.
- (c) Pursuant to Chapter 162, Florida Statutes, the city may file a civil action in the appropriate court to enforce violations of this article or any other remedy provided by law.

Sec. 5-50. Reinstatement of license after suspension or revocation.
